

St. Julian is proud to offer co-packing services for your business's needs. We can custom bottle, can, or artificially carbonate and bottle your still wine, cider, and more. Custom blends may be available upon request.

- Minimum order requirement is 1,000 gallons per product. All packages are 750 ml.
- Receipt of bulk wine and shipment of finished goods is bond-to-bond.
- All pricing excludes any additives used per customer specification.
- St. Julian will handle DBA setup, TTB approvals, scheduling, packaging, shipping, and receiving.

STILL WINE: \$20.95 / Case

- Includes receipt of your ready-to-bottle wine, pre-bottling analysis, adjusting SO₂ to 0.8 ppm molecular, final filtration, and bottling.
- Pricing includes 750 ml bottle in flint or green, and 30 x 60 Stelvin closure.
- Customer must supply labels.
- Pricing is F.O.B. Paw Paw, MI, in Bond.

ARTIFICIALLY CARBONATED WINE: \$24.95 / Case

- Includes receipt of your ready-to-bottle wine, pre-bottling analysis, adjusting SO₂ to 0.8 ppm molecular, carbonation, final filtration, and bottling.
- Pricing includes 750 ml bottle in flint or green, and 30 x 22 mm ROPP closure, and aluminum capsule.
- Customer must supply labels.
- Pricing is F.O.B. Paw Paw, MI, in Bond.

Blackberry & Blueberry Cider	\$72	Year Round
Watermelon (NEW)	\$72	Year Round
Pineapple Rosé (NEW)	\$72	Year Round

- Minimum order requirement is 1 pallet (56 cases) for wines, and 1 keg for cider.
- Bottling dates are approximate and do NOT apply to orders over 400 cases.
- All still wines will be bottled using a 750 ml bordeaux bottle in your choice of antique green or flint, and your choice of Stelvin closure. Corks and shrinks are not an option for orders under 400 cases.
- Brut Champagne and Sparkling Juices are bottled in a green bottle with your choice of foil color.
- Peach & Passion Fruit Spumante, Raspberry Spumante, and Dry Rosé are bottled in a flint bottle with your choice of foil color.
- All products can be ordered unlabeled or labeled if you provide St. Julian with labels that meet our specifications. Regardless, St. Julian must get your labels approved by the TTB.
- Your labels must be in-house at least two weeks prior to scheduled bottling date, otherwise they will be bottled unlabeled.
- Once bottled, your product is expected to be picked up or shipped within 4 weeks, unless other arrangements have been agreed upon.
- St. Julian will handle DBA setup, TTB approvals, scheduling, packaging, shipping, and receiving.
